ONLINE BRANDING:

WHAT BUSINESSES SHOULD (AND SHOULDN'T) DO

Successful online branding will increase brand awareness, conversions and website traffic, as well as enhance your business's reputation.

00:

- Keep the font simple
- Use a horizontal shape
- Ensure any tagline makes it clear what the company does

Here's a meaningless slogan Plus some other stuff

SA PICTURETOO

DON'T:

- Overdo it with text and graphics

POOR PRACTICE:

Poor, unclear navigation will prompt

visitors to look elsewhere for what

they need

- Use a dark background that makes the logo and text hard to see
 - Make it run vertically

DESIGN **BEST PRACTICE:**

Product 1 | Product 2 | Product 3

Clear navigation will help visitors find what they're looking for and keep them on your site for longer

Use easy-to-read and consistent fonts

ENSURE VISITORS CAN CHANGE FONT SIZE IF NEEDED

Dark fonts on light backgrounds are ideal for readability

Users strongly prefer simple and familiar website designs

> O 1 70 of firms regularly monitor the web for mentions of their organisation

This means nothing on your website Clutter will confuse website users ...and drive down conversions Amount of time visitors

to stay on a web page 50 milliseconds

> **ONLINE REPUTATION**

take to decide whether

WEBSITE

MANAGEMENT

in online monitoring activities **80%** of consumers do not buy products

One in five businesses have never engaged

that get negative online reviews

BRANDING THROUGH

MORE CONSUMERS TRUST BRANDED WEBSITE CONTENT THAN ONLINE ADS

ONLINE CONTENT

73% of marketers see blogs

92% of buyers check online reviews before making a purchase

87% of consumers are influenced by good online reviews

36%

33%

Mobile text ads

29%

COMPANY BLOGS - Showcase expertise through

as the best type of content to use for marketing purposes

- Expand on company announcements - Let your audience interact with you

- through comments
- audience and customer base - Drive website traffic through

- Widen your network of industry
